ISOTRAP MINI ISOTRAP S ISOTRAP XL ISOBEAM ISOSIDE

Project Information

Project Name

Province - District

Location Loads

Altitude

 m

Snow Load

 kN/m²

Wind Load

 m/s, kN/m²

Earthquake Load

 kN/m²

Area Category

Category 0

Lakeside or coastal area

Category 3

Urban zone industrial area

Category 1

Flat field with and without few obstacles

Category 4

Urban area

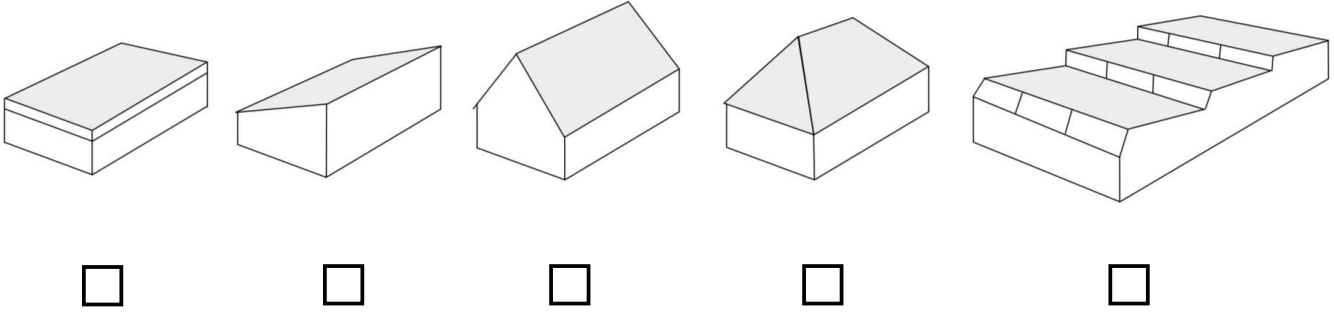

Category 2

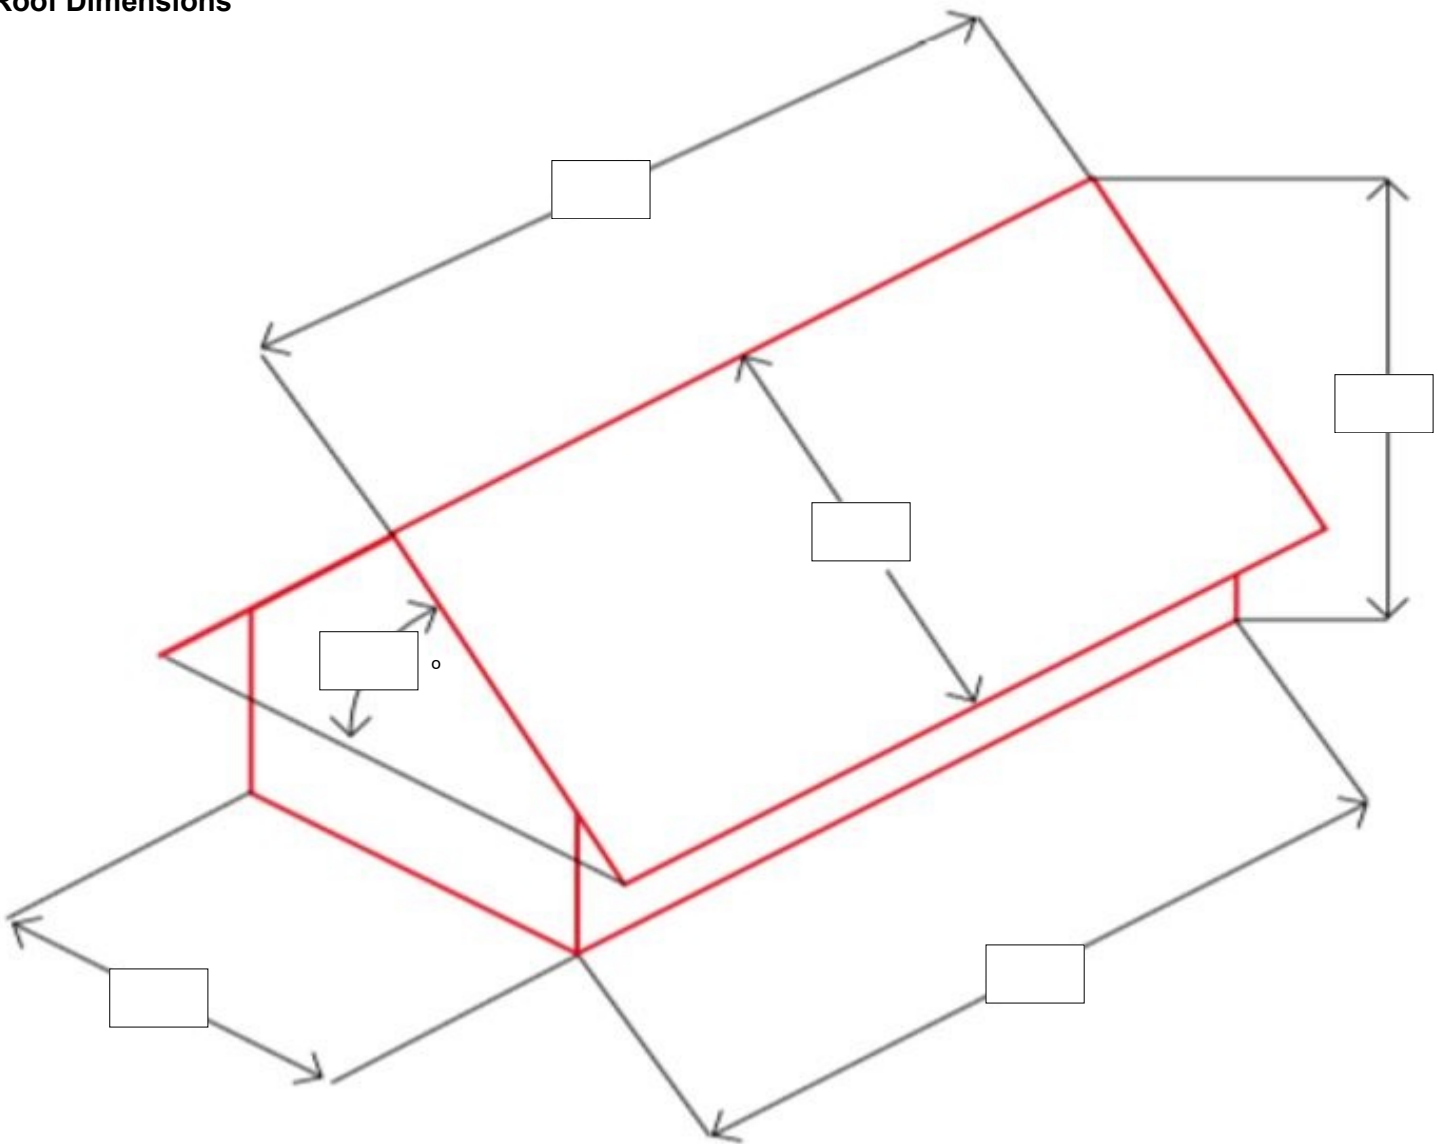

Field with hedges

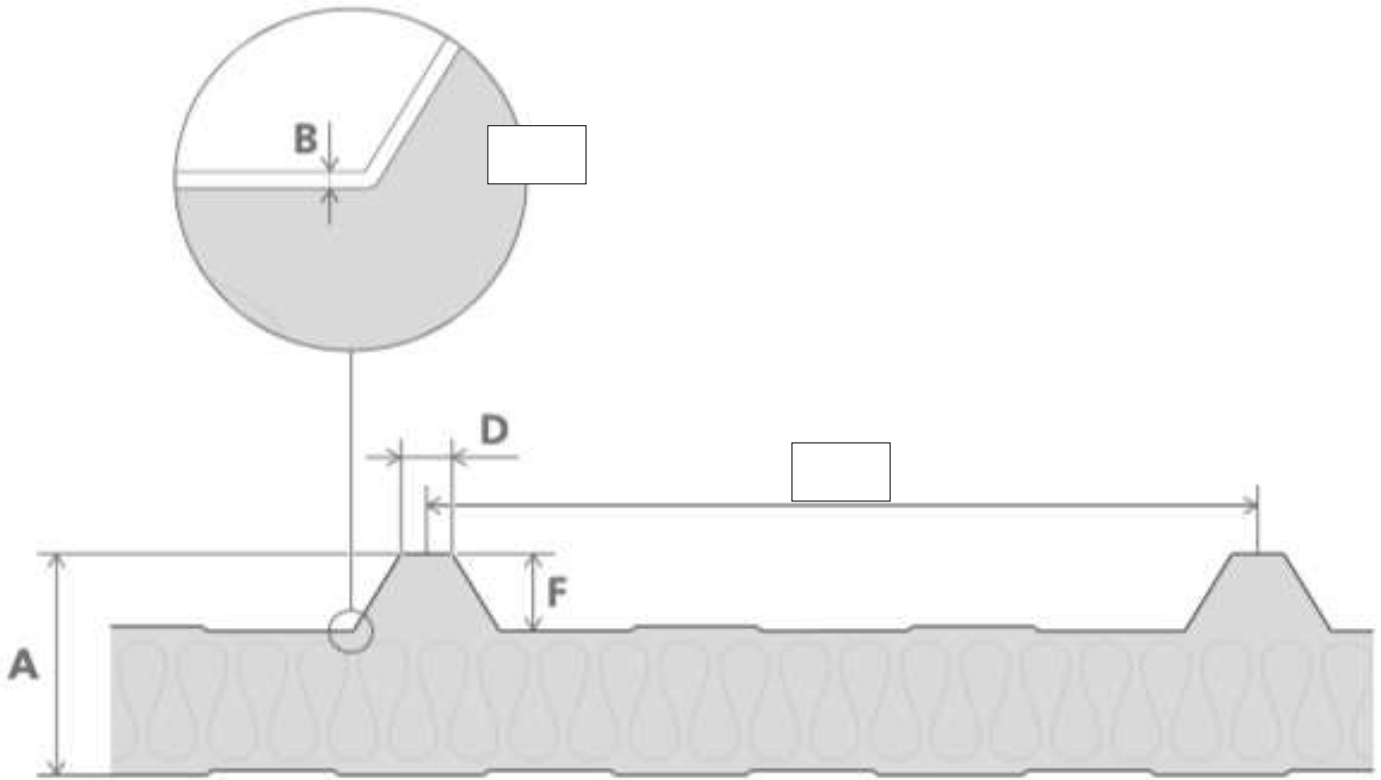

Roof Type

Roof Dimensions

Roofage Information

Purlin Information Under the Roofage

Purlin

Concrete

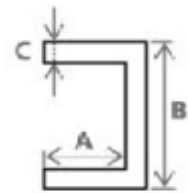

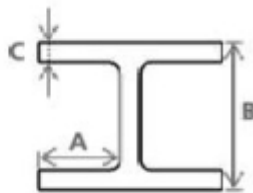

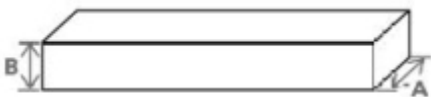

Steel

Wood

A) Distance mm.

B) Height mm.

C) Thickness mm.
