

I S O T R A P S50

Trapezoidal & Sandwich Roof Mounting System

- New optimized design
- Economical and robust solution
- 3 profile length available

ISOTRAP S50

Available in different lengths:
290 mm, 380 mm, and 540 mm.

EasyClamp Middle
EasyClamp End

ISOTRAP S50 Rail

EPDM

Waterproof Rivet
Self drilling Screw

Technical Data

Scope of application	Trapezoidal and sandwich covered roofs
	L : 1.500 mm - 2.384 mm
Compatible Solar Panel	W : 990 mm - 1.330 mm
	H : 30 mm - 45 mm
Fixation	Self-drilling screw / Rivet
	Profile, clamp : Aluminium 6063 - T66
Materials	Rubber : EPDM
	Fasteners : Stainless A2 - 70 & Bimetal
Technical specifications	Used in vertical layouts.
